# Certificate in Domestic Energy Assessment (QCF)

## Level 3

### Who is it for?

The Level 3 is for people looking to work in energy assessment, and who have some relevant knowledge and skills already, usually from a role where they are supervised. It will give the relevant skills and qualification for individuals to become a Domestic Energy Assessor.

### Course Content

The course will cover a number of different topics. It will teach about undertaking energy inspections meaning that the individual will become competent in assessing. Individuals will also identify representative properties for sampling, Report on energy assessment of new & existing non-dwellings using Simplified Building Energy Model (SBEM) and inspect simple/package air-conditioning systems.

Modules include:

- House construction & survey.
- Energy rating, RdSAP, heating & controls.
- Practice assessments.

### Course Delivery & Assessment

The course will be assessed in a number of different ways to make sure that participants have gained the correct understanding in all areas.

Participants will be assessed via portfolio which will include assessments, tests, observations etc.

### Progression Opportunities

Progression from this course could be starting a City & Guilds: Level 4 Certificate in Domestic Energy Assessment (QCF).
