**Dementia Awareness**

## Dementia Awareness

This module aims to raise carers' understanding about the lived experience of a person with dementia, looking at the person first and then exploring simple techniques to help keep the person with dementia independent for longer.

This module will allow you to:

- Reflect on personal & professional values.
- Reflect on and explore ways of improving interactions with a person with dementia.
- Explore the lived experience of a person who has memory loss & recognition difficulties.
- Learn simple techniques on how to support a person with dementia & their carers'.
- Explore relevant legislation & how it applies to the support offered to a person with dementia.
- Access further accessible information about the different types of dementia.
- Understand the importance of encouraging the recording & sharing of information to improve the quality of life for a person with dementia.

## Accreditation

The content of this course has been independently certified as conforming to universally accepted Continuous Professional Development (CPD) guidelines.

## Duration

Approximately 1-1 and a half hours. With 40 interactive screens, it is estimated that this module will take approximately 1 - 1 1/2 hours to complete (depending on learning speed). As an e-learning module you can complete this training in convenient stages and revisit whenever you wish. The system will record your progress throughout.

## Target Audience

This module is aimed at anyone supporting someone with Dementia or their carers'.
