Online Course
Medication Awareness

Medication Awareness

This course aims to provide learners with the knowledge required to support the use of medication in health and social care settings. It provides information on the different types, classifications and forms of medication, as well as providing guidance on safe storage and disposal.

On completion, learners will have an increased understanding of the importance of accurate recording and reporting when administering medication.

On completion of this course learners will be able to:

- Describe relevant legislation.
- Recognise the different types of medication.
- Define roles & responsibilities.
- Describe relevant techniques for administering medication.
- List considerations when receiving, storing & disposing of medication.
- Identify the rights of an individual.
- Describe suitable recording & reporting techniques relevant to medication administration.

The content of this course has been mapped to the underpinning knowledge within the following unit on the Qualification and Credit Framework (QCF): Support use of medication in social care settings.

This unit is part of the following qualifications:

- Level 3 Diploma for the Children & Young People's Workforce.
- Level 2 Diploma in Health and Social Care (Adults) for England.
- Level 3 Diploma in Health and Social Care (Adults) for England.
- Level 3 Diploma for the Children and Young People's Workforce.
- Level 3 Diploma in Health and Social Care (Adults) for Wales and Northern Ireland.

Accreditation

The content of this course has been independently certified as conforming to universally accepted Continuous Professional Development (CPD) guidelines.

Duration

Approximately 2 - 3 hours. The length of time taken depends entirely on how quickly you can study and absorb the material. You can proceed as quickly or slowly as you like, and there is no limit on how long you can take to do the course.

Target Audience

This module is targeted primarily at those working within the health and social care sector who are involved in the administration of medication.

Entry Requirements

There are no specific entry requirements for this course.

Cost
